INVITATION CEIPI/HCPA EUROPEAN PATENT LAW BASIC COURSE in Budapest, Hungary

CEIPI and **Hungarian Chamber of Patent Attorneys (HCPA)** are jointly organizing the **EUROPEAN PATENT LAW BASIC COURSE**, whose first academic year (also for beginner – see below) will start on **9th October 2009** in Budapest. The Course provides present and future IP practitioners with systematic and complete tuition on legal basis as well as on practice in the area of the European Patent Law.

GOALS: This Course is designed both to facilitate preparation for the European Qualifying Examination and even more to accompany the EP practice. It can be proposed for practising patent attorneys, patent attorney candidates, lawyers, attorneys at law and other professionals interested in this field. Once this course is completed, the candidates are expected to perfect their knowledge and to prepare for the European Qualifying Examination on an autonomous basis and/or with further CEIPI-courses.

HOW THE COURSE WORKS: The course makes demands on the sense of initiative of the participants, who are led and actively supported by tutors. The tutors are experienced European patent law practitioners, who prepare ten sessions during a year with the participants, of about six hours each, during which the topics previously studied and proposed by the participants are discussed; questions are also answered and advices for the following parts of the course are given. The success of the tutorial depends on the active co-operation of the participants, through their own contributions and studies of the case law. This course further supports practicing the professional language in English.

TERMS OF PAYMENT: The applied participants will get all necessary information regarding the payment before 15th August 2009 and we kindly ask you to pay the fee until **12th September 2009**. If your fee will not be received by 8th October 2009 we cannot accept your application.
